## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6 and 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 6, "the width of the channel" lacks antecedent support.

In claim 7, "the restraining means" lacks antecedent support.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 3, 4 are rejected under 35 U.S.C. 102(b) as being anticipated by US 5533573 to Jordan Jr. et al.

The ball catcher is anticipated by 13 A-13C which comprises a substantially cylindricall body having an axial main bore. The at least a portion of the main bore further being restrained or connected to a first and second parallel running bores shown clearly in Fig. 13A. The restriction means at one end is met by the diversion flapper 184 which functions as restriction for selective entry of the parallel bores.

***Allowable Subject Matter***

Claims 2, 5 and 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 6 and 7 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 9-14 are allowed.
